The Home of Good Directories

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Our experience of over seventy years—our reputation for accuracy, our large force of experienced help and our complete equipment for the work, all guarantee the best in directory compilation. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.

Put—"We are listed in the Directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly registered in all branches of its industry is wise.

Addressing the right people in the search for new business means a saving of Time, Postage, Labor, Guess Work, Stationery; and results in more profits to you. You want your mailing lists accurate,—That's the kind we make. Ask us to tell you about this branch of our business.

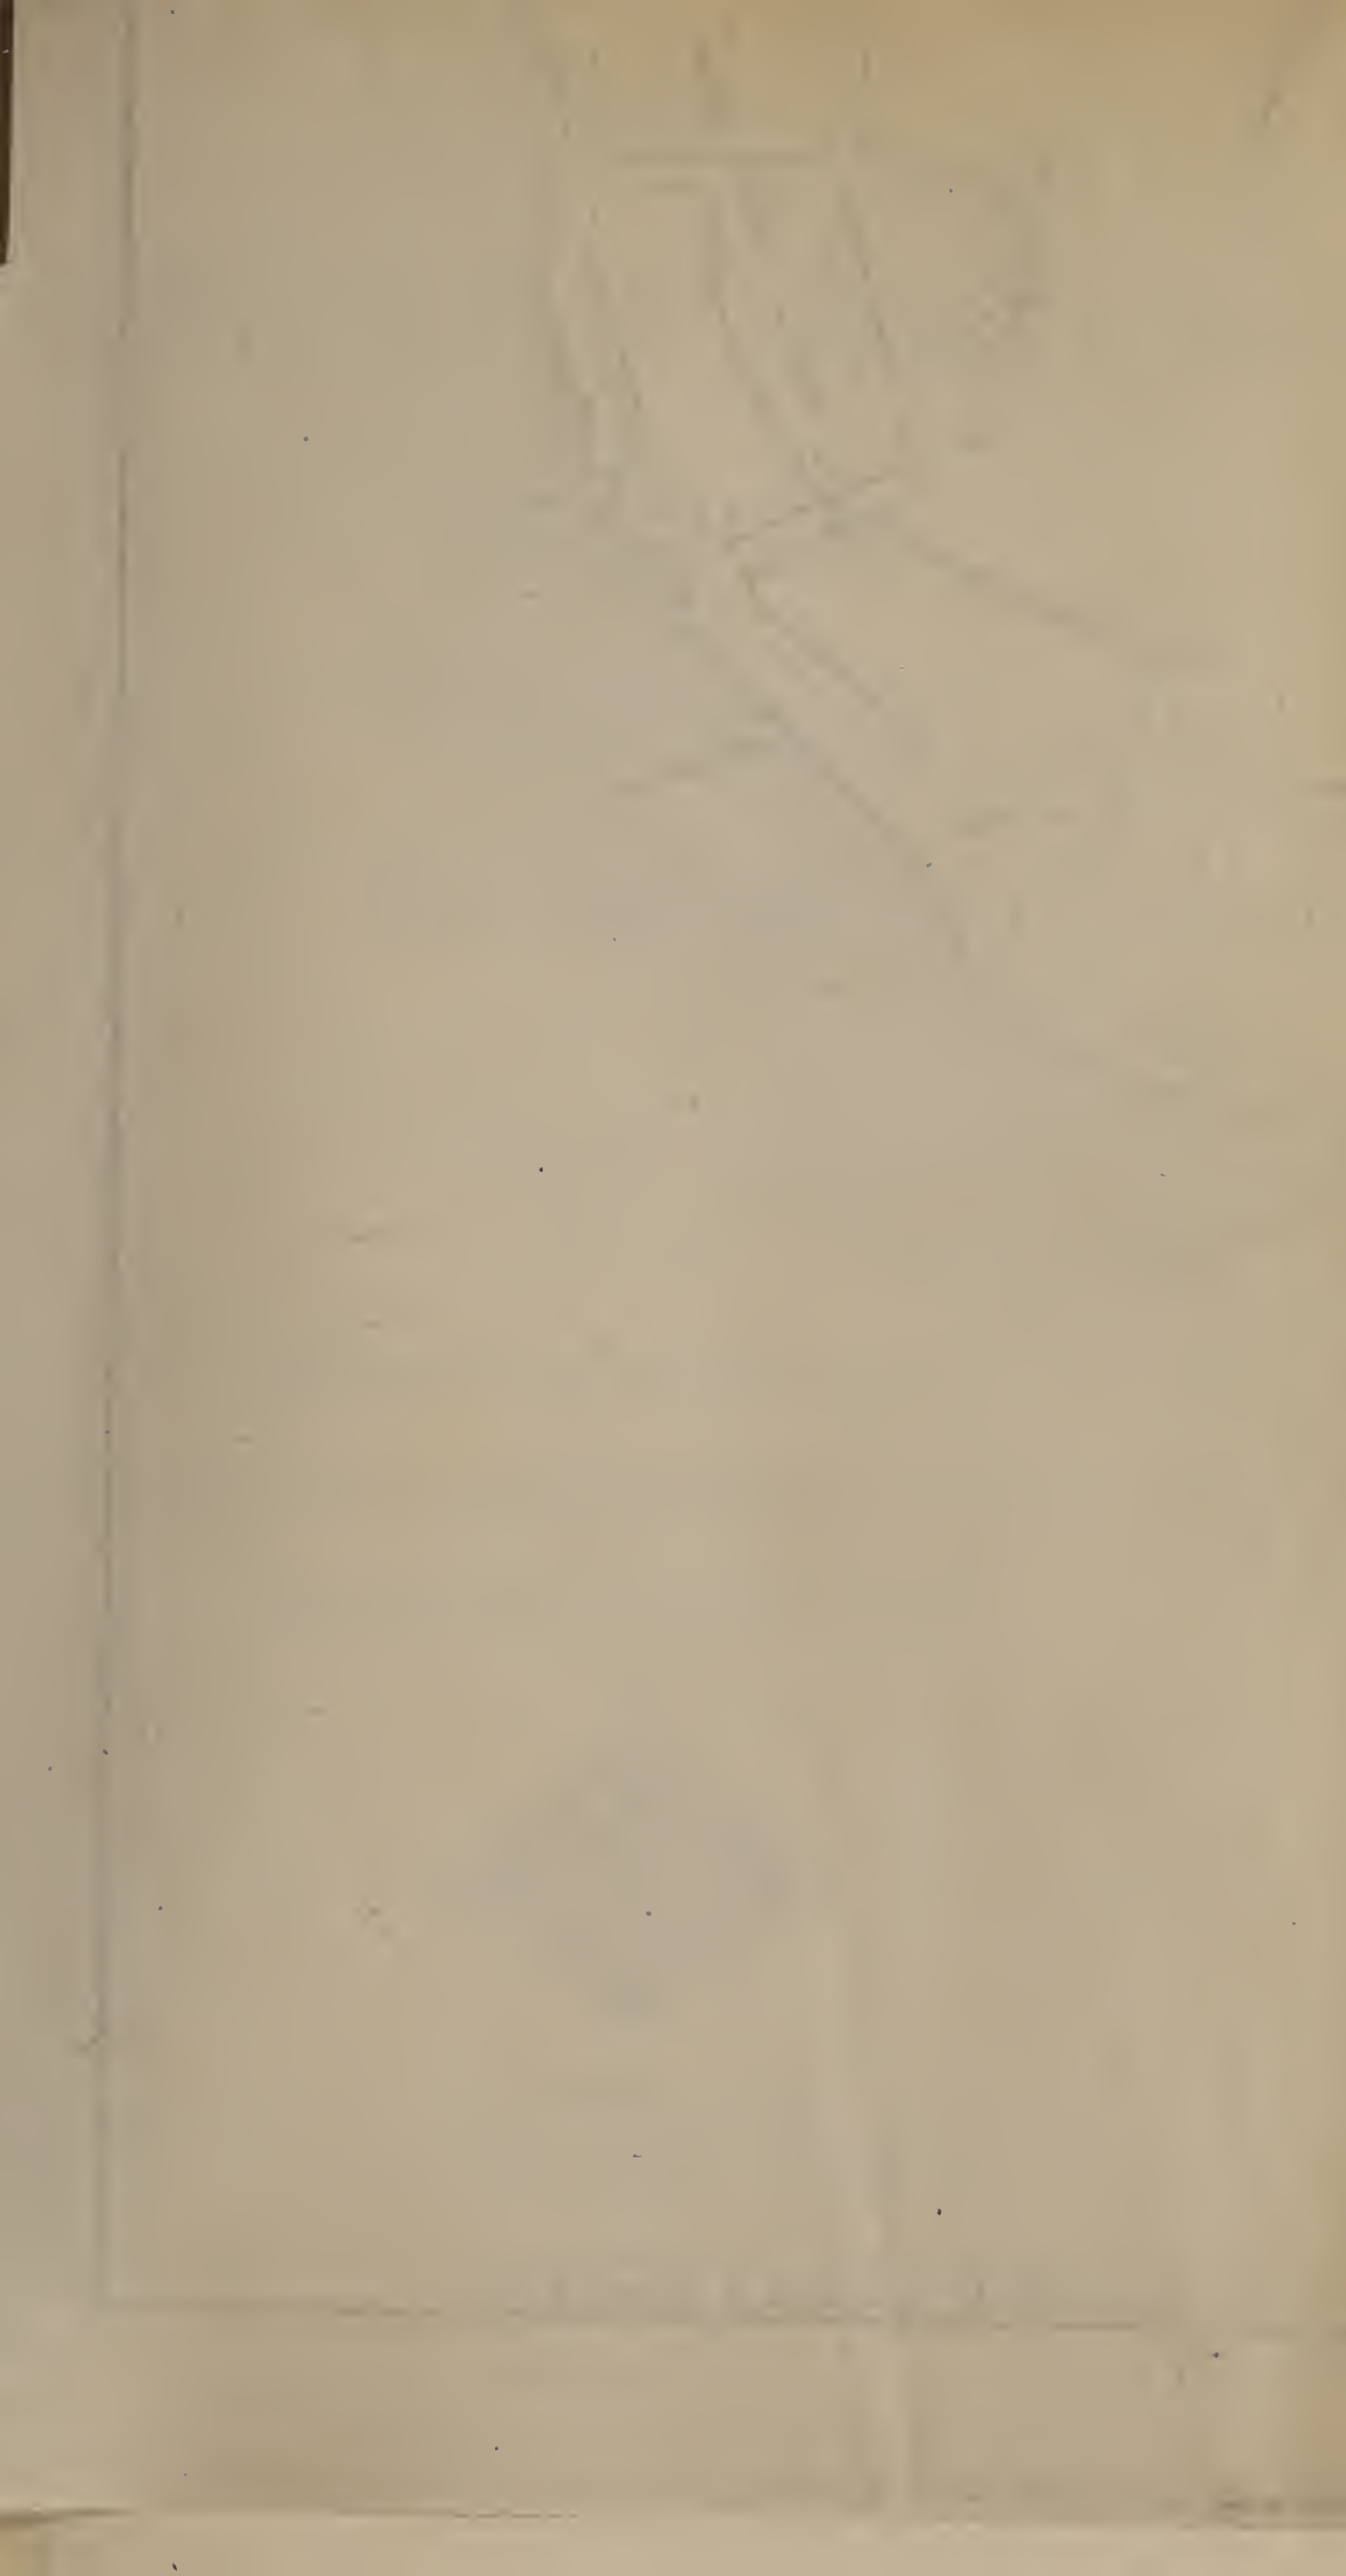

Ask Sampson & Murdock Company

STREET DIRECTORY

GIVING the location of Streets, Places, Parks, Squares, etc., and showing what other streets and places run from them, or across them, with the number at which they intersect

From this list, the location of any number on a street, or the location of any public building, can be easily ascertained; as, for instance, wishing to know at what part of Prospect Street No. 87 is located, you look at Prospect Street, and find that Elm Street runs from 81, and Chestnut Street from 93, showing that 87 would come on the right, between Elm and Chestnut Streets

When a street crosses another, numbers (or ciphers) are given on both sides; but when it begins or ends at that street, the number is given only on the side at which it intersects. Ciphers are used where no numbers exist

*Indicates accepted street. **Streets accepted in part

The Home of Good Directories

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Our experience of **over** seventy years—our reputation for accuracy, our large force of experienced help and our complete equipment for the work, all guarantee the best in directory compilation. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.

Put—"We are listed in the Directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly registered in all branches of its industry is wise.

Addressing the right people in the search for new business means a saving of Time, Postage, Labor, Guess Work, Stationery; and results in more profits to you. You want your mailing lists accurate,—That's the kind we make. Ask us to tell you about this branch of our business.

Ask Sampson & Murdock Company

“It ain’t the guns and armament, nor funds that they can pay,
But the close co-operation that makes them win the day—
It ain’t the individual, nor the army as a whole,
But the everlastin’ teamwork of every bloomin’ soul”.
—Rudyard Kipling.

 { Cape Ann Granite—Nothing better.
 { Summer Paradise—Freedom’s Nature Spot.

Gloucester, with one of the finest harbors on the Atlantic Seaboard, and with splendid railroad, steamship, and express facilities, offers exceptional advantages to Captains of Industry, looking for manufacturing locations.

You Can Sell Anything—Anywhere Through Our Service

Uncle Sam's mailing system reaches to the ends of the earth.
Anywhere the mails go our service may extend.

Provided you have an idea, article or service worth selling,
we can furnish the means of presenting it to the proper parties.
We will write you an attractive, PULLING letter, furnish
you a list of the right kind of people to send it to, multi-
graph it, fill in names, address, stamp and mail it for you.

Afterwards if desired we will check up the returns and attend
to the follow-up.

In short there is nothing about a 'Direct by mail' Advertising
Campaign that we are not able to handle and in the way
you want it done.

"You furnish the goods—we'll do the rest"

LUMBER

Everything for Building from Cellar to Roof—

Lumber, shingles, roofing and cement—we have them all in grades that will meet the requirements of architect, builder, contractor and owner. We are careful to buy only from mills that are known for the quality and uniformity of their products. For foundations, walls, walks, etc., we recommend

ALPHA THE GUARANTEED PORTLAND CEMENT

—the kind that makes everlasting concrete. We recommend ALPHA because we know that it always gives most satisfactory results. We guarantee it invariably to meet standard specifications for fineness, tensile strength and binding-power.

It pays to build well. Clear shingles, first-grade lumber, and durable roofing—the kind we supply—will save you money in repair bills, and there is nothing to equal good concrete—made with ALPHA Cement—for foundations, walls, walks, etc.

Call and let us give you prices on lumber, cement and other building materials. Ask us for a copy of "ALPHA Cement—How to Use It"—free.

First: To improve the directory business by the interchange of ideas, and by the exchange of competent employees.

Second; To protect the public against fraudulent advertising schemes operated under the name of directories and to drive the promoters of such out of business.

Third: To provide permanent and continuous employment for honest and faithful directory canvassers.

Fourth: For the mutual advancement of the established and prospective interests of all who may become members of the Association.

July 1921

The difference between
Reference and
←————→
Creative media
————→
is their direction

The seller's effort to stimulate demand is well carried by outgoing, extensive, display media, but—

he should remember that initiative rests with the buyer, and when the hunt for the goods begins, creative media which may have built up the demand, are at a disadvantage.

It is the difference between *coming* and *going*.

The creative advertising is going after the prospect, to make him want to buy, but when you have him coming, reference media should be used to connect the demand with the local supply. Every effort should be made to direct the purchaser to the goods advertised, at the point where they may be seen.

It is here that reference media, directories, find their logical place in the cycle of the sale.
